

Peter, building on his experience not only as a player with England, Essex, Nottinghamshire and Leicestershire, but as the lead spin coach for England provides a wealth of knowledge and experience on the skill and craft of spin bowling. Peter provides an informative learning environment that stretches each individual to develop exploring the demands and needs of a modern day spin bowler in 3 formats of the game.

Peter is always very approachable and ready to adapt his delivery style to suit the expectations of each individual or setting. We have seen this at first hand with a specific session in the winter for our County Women squad to over the lockdown period a session for County, Boys, Girls and Ability players over Zoom.

Peter is well worth approaching if you think a specialist spin session would fit in with your players expectations and hopes to develop.
