

"Peter has done some fantastic work with our young Pathway spinners throughout our winter programme. Having the knowledge and expertise is one thing but being able to relay that message effectively across a broad range of age groups is a real art, one that Suchy has certainly mastered.

In more recent times, he has adapted brilliantly to our current climate to deliver a fantastic webinar via zoom to ensure that our young spinners remain engaged and stimulated during this enforced break from all cricket activities.

Both I and our spin group have really enjoyed working with Peter on both a personal and professional level and I hope many more are lucky enough to benefit from his wealth of knowledge in time to come."
