## Webinar with Academy Players

Peter Such recently joined us for a Zoom call with our academy players. We were delighted to have somebody of his experience and ability joining us and it certainly didn't disappoint. Peter's knowledge and understanding of spin bowling shone through throughout his presentation as well as his love for his art. One of the things that was evident for our players was just how passionate and positive he is in the way he explains things and encourages players to always be positive. The material he used certainly moved our spin bowlers forwards.

The content was also clear and well-paced and he used great quality and relevant videos to support his presentation throughout. After the presentation Peter was extremely generous with his time and was very open and honest when answering questions from our players and parents. One family described the experience as a 'privilege' to be part of and I would fully agree with this as a coach.

I would thoroughly recommend Peter to any club, county board or individual cricketer both as a coach and a mentor,

Peter Gale

Head Coach,
